

International Fire Aid (fire vehicle donation etc.)

International Division
Japan Firefighters Association

1. Project Scheme

2. Project overview

(1) Recipient countries

Recipient countries must meet at least one of the following conditions:

- ① Generally the country should be applicable to Grassroots Program “KUSANONE” by the Ministry of Foreign Affairs of Japan.
- ② The country is found particularly necessary for receiving aid.

(2) Vehicles to be donated

Fire vehicles are provided by municipal fire departments of capital area or nearby.

- ① They are vehicles having served for more than 10 years but still operable.
- ② Generally, they are with no fire hoses unless the donors load some.
- ③ There is possibility that the number, type, and delivery time of vehicles may not meet the request of the recipient country.

(3) Expense burden

Generally, the expense burden of domestic and overseas transportation is as followings.

- ① Japan Firefighters Association shall bear the expense of domestic transportation and maintenance management.
- ② The recipient country shall bear custom clearance, ocean transport and other related expenses.
- ③ The recipient country may utilize the “KUSANONE” project of Ministry of Foreign Affairs for bearing expenses prescribed by the project.
- ④ In order to achieve the object, there could be expenses borne by other means.

(4) Report by recipient country

The recipient country must submit relevant documents for refunding recycling fee.

The recipient country must issue a thank-you letter to donor (municipal fire department).
